Dear Friends -- you are cordially invited to attend an artistic observance and Celebration for the Unborn. This is a time in which we acknowledge that there are souls preparing to enter the earth sphere.

This is a realization of the importance of coming to understand their journey, as much as we strive to understand the journey of the so-called Dead. We are asked to awaken to the spiritual reality of souls arriving and departing the earth, and that they (we) are both engaged in furthering the evolution of the earth amid the great creative hierarchical beings of the heavens.

There will be music, eurythmy, reading of poems and a small performance, as well as a writing/drawing exercise for all who choose to participate -- to more closely experience our own journey on the earth through our own birth and our own death as well.

We will have a festival celebration to offer our love, consciousness and care to all those who are about to enter this world at this time.

Kindly RSVP (joannapcarey@gmail.com). Please bring a notebook and pen or colored pencils, etc. Come with your loving and thoughtful hearts as we institute this event with all the wonder and reverence we can muster.
